ABOUT ME

Architecture student and student-athlete with a sharp focus on structural innovation, ecological intelligence, and adaptive environmental design. Skilled in conceptual modeling and performance-driven strategies, I bring a disciplined, team-oriented mindset and a drive to apply creative solutions in real-world projects.

EDUCATION

Bachelor of Architectural design.
Academy of Art University, San Francisco (2021- May 2026).
NAAB Accredited University

Comprehensive architecture program emphasizing innovative design, sustainability, and practical studio experience supported by theory and technical training.

EXPERIENCE

Fall 2021- Present

STUDENT ATHLETE + BA ARCHITECTURAL DESIGN

Academy of Art San Francisco

- Recently awarded Academic/Architecture Scholarship for 2025-26.
- Student athlete in Track and Field at national division II level 2021-25
- Presidential list Spring 2024
- All-Academic student-athlete award 2023, 2024
- Studio Award Fall 2021, Fall 2023
- MALTA International school - summer 2018, summer 2019.

JOBS

May 2025 - Current

DESIGN INTERN LANDSCAPE ARCHITECTURE

PLURAL STUDIO - San Francisco

- Produced detailed 3D models and photorealistic renderings (Rhino, Sketchup, Enscape) to support schematic and design development phases. Collaborated closely with project teams during design charrettes, integrating feedback and refining materials, lighting, and context.
- Contributed to drawing sets by drafting technical details.

2024

ROLLER COASTER OPERATOR

Walibi (sixflags) - Belgium

- In charge of running of rides, safety of visitors and mechanical operations.
- Entrusted with high-stakes responsibilities in a fast-paced, high-pressure environment, strengthening my ability to stay composed, think critically, and manage complex situations-skills essential to architectural practice and project coordination.

2023

CUSTOMER SERVICE

Znrgie - Belgium

- In charge of professional communications between customers and office.
