available upon request**

I embrace all body types, skin colors, ethnic backgrounds, genders, and ages. I am work towards the normalization of ethically sourced and sustainable material.

EXPERIENCE

2019- SPRECKLES

PERFORMING ARTS CENTER

When working with spreckles I started my internship with sourcing costumes from various places including actor's closets to our own costume collections and other theaters as well. I would also take the measurements of every actor, and perform the alterations needed for the costumes. Once the play was happening, I would address any quick repairs that were needed and help with dressing the actors and quick changes.

2019- SIXTH STREET

PLAYHOUSE

While working with sixth street, I helped source costumes from other theaters, as well as making certain costumes from patterns to fit the actors.

2022- SANTA ROSA JUNIOR

COLLEGE, THEATRE ARTS

DEPARTMENT

In the SRJC theater, I performed alterations on the costumes, mostly doing catch stitches on pant hems, and during the play I dressed the actors and helped with quick changes. After shows I would work on stain removal from makeup stains or sweat stains, as well as cleaning the costumes.
