PROJECTS

Hospitality Design: Luxury Boutique Hotel Concept

- Designed a luxury boutique hotel inspired by Tuscan elegance and Napa Valley culture, emphasizing Earthen Elegance through stone textures, barrel forms, and warm terracotta tones.
- Created floor plans, elevations, mood boards, and renderings using Revit. Selected FF&E and developed presentation photo shop and Indesign, created a home like experience for the guest.

Restaurant Design: Vietnamese Dining Concept

- Designed a Vietnamese restaurant with a primary focus on lighting, using natural materials like bamboo, rattan, textured plaster, and reclaimed wood to enhance ambiance and cultural authenticity.
- Developed lighting strategies alongside floor plans, elevations, mood boards, lighting schedule and renderings using Revit, Photoshop and Excel Sheet. Selected lighting fixtures and FF&E to create a warm, atmospheric dining experience.

WORK EXPERIENCE

Interior Designer Intern – JAD Arch Studio (2022)

- Developed detailed residential interior designs using AutoCAD and SketchUp.
- Participated in site visits, documenting design concepts, spatial layouts, and material ideas.
- Analyzed client requirements to help define project goals and develop functional design solutions.
