SKILLS

Software & Tools

- REVIT (Advanced)
- AutoCAD (Advanced)
- Photoshop
- InDesign
- Illustrator
- Sketchup
- Canva

Design Expertise

- Construction Documents
- Hospitality Design
- Kitchen & Bath Design
- FF&E Sourcing
- Space Planning
- Residential Design

Detail-oriented Interior Architectural Designer with specialized experience in space planning, Revit and AutoCAD-based documentation, construction drawing production, and visualizations for residential and hospitality projects. My background includes a prior professional career outside of interior architecture that strengthened my analytical thinking, technical precision, and ability to manage complex information; skills I now apply to coordination, documentation accuracy, and cost awareness throughout the construction process. Adept at collaborating with multidisciplinary teams, translating design intent into buildable spaces.

EDUCATION

Expected Graduation, May 2026

Master of Arts

Academy of Art University
Interior Architecture and Design

Highlighted Course Work:

- BIM: Building Information Modeling (Revit)
- Building Systems & Codes
- Kitchen & Bath Design
- Drafting & Rendering
- Studio for Hospitality
- Lighting Design

WORK EXPERIENCE

2022-Present

Interior Architectural Designer

Yael's Original Interiors

- Delivered Revit-based design solutions for residential remodels.
- Created drafting packages for contractors, including elevations and floor plans.
- Integrated BIM workflows to streamline project documentation
- Designed, coordinated, and saw to completion residential projects for end-user clients.

2023-2024

Design Associate

Grossmueller's Design Consultants

- Produced high-fidelity 3D renderings in Revit and SketchUp for client presentations.
- Drafted detailed construction documents in AutoCAD for kitchens and bathrooms.
- Collaborated with vendors to source and select FF&E aligned with design intent.
- Interfaced with clients to refine schematic designs and ensure functional outcomes
